No. 264

THE following Laws, (Passed Yesterday) is published in this Gazette by Order of the Honourable House of Assembly, that there may be an immediate Notification to all Persons in order for the Observation of it, viz.

An ACT to prevent the exporting of Trash or bad Tobacco.

WHEREAS, by an Act of Assembly, entituled, *An Act for amending the Staple of Tobacco, for preventing Frauds in his Majesty's Customs, and for the Limitation of Officers Fees*, it was, among other Things, enacted and declared, That it was the true Intent and Meaning of the said Act, that nothing therein contained should affect any Tobacco that was made at any Time before the first Day of *December*, 1747; but that the same might be shipped, or otherwise disposed of, as the Proprietor thereof should think proper, Oath, or Affirmation if a Quaker, being made by the Proprietor of such old Tobacco, or Overseer, or other credible Person, that the same was made before the said first Day of *December*, 1747; which Oath or Affirmation might be made before any one Justice of the Peace, and such Justice giving Certificate of the Mark and Number of the Hogshead or Hogsheads of such old Tobacco, the same might be taken on board any Ship or Vessel for Transportation, notwithstanding any Thing in the said Act contained; Yet the Proprietors of such old Tobacco might, if he thought fit, have the same old Tobacco Inspected, or subjected to Inspection, as the said Act directs, and in such Case he should have and receive all Benefits and Advantages arising to the Owner of Inspected Tobacco, in manner therein before mentioned: And whereas it appears to this General Assembly that sundry evil minded Persons have, since the making the said Act, sworn, bought, and under colour of its being old Tobacco, actually exported, and now do openly and publicly save and buy up bad, trash, and unsound Tobacco, with the same View, which Practices so plainly tending to frustrate all the good and salutary Effects intended by the said Act, if not immediately remedied, must prove of very dangerous Consequence to the People of this Province.

Be it therefore Enacted by the Right Honourable the Lord Proprietary, by and with the Advice and Consent of his Lordship's Governor, and the Upper and Lower Houses of Assembly, and the Authority of the same, That from and after the first Day of *May*, 1750, it shall not be lawful for any Person or Persons, under any Pretence whatsoever, to export or ship off, under the Denomination of old Tobacco, or Tobacco made before the first Day of *December*, 1747, unless the Proprietor thereof shall bring or cause to be brought, the said Tobacco, in Hogshead or Hogsheads, to some Inspection House; and when the same is so brought, deliver the same to the said Inspectors, and then and there the Proprietor, or some other credible Person, take the following Oath (or Affirmation if a Quaker) *I A. B. do swear* (or I A. Quaker affirm) *That all the Tobacco now within this Hogshead* (expressing the Mark and Number of each Hogshead) *actually and bona fide made before the first Day of* December, 1747. Which Oath, or Affirmation, the said Inspectors shall, and they are hereby authorized, empowered, and required, to administer to the Person or Persons bringing the said Tobacco, such Person writing, or causing the same to be wrote; and the said Inspectors are hereby required to return all and every the said Oaths or Affirmations to the next *November* County Court, to be held for the County where the said Inspection House shall be.

And be it further Enacted by the Authority, Advice, and Consent aforesaid, That the Inspectors of the several and respective Warehouse within this Province, shall, and they are hereby required, to receive the said Tobacco, and store it away till the same shall be first for, to be shipped, and there deliver the same with a Certificate, certifying the same to have been old Tobacco, and proved such according to the Directions of this Act; for doing all which, the Inspectors, as by this Act enjoyned to do, they shall receive from the Proprietor or Proprietors of such Tobacco One Shilling Current Money for each Hogshead to their own Use; and from the Person taking such Tobacco away, One Shilling for each Hogshead, for the Use of the Proprietor of the said Warehouse.

And be it further Enacted by the Authority aforesaid, That if any Person or Persons shall swear or affirm falsly, or and concerning all or any Tobacco so by such Person carried to any Warehouse in pursuance of this Act, such Person so swearing or affirming, being lawfully convict thereof, shall forfeit and suffer all the Pains and Penalties of wilful and corrupt Perjury.

And be it further Enacted by the Authority aforesaid, That every Master, Mate, or Boatswain, of any Ship, or other Vessel, who shall take on board, or cause, permit, or suffer, to be taken on board his Ship, or other Vessel, therein to export the same out of this Province, and every Owner or Shipper thereof, who shall cause, permit, or suffer to be shipped off from any Key, Wharff, Landing, or other Place, than from one of the Inspecting House Landings in this Province, contrary to the true Intent and Meaning of this Act, any Hogshead or Hogsheads of Tobacco, shall for every such Hogshead forfeit and pay the Sum of Ten Pounds Current Money, one half thereof to the Informer, or to him, her, or them, that shall sue for the same, and the other half thereof to the Use of the Public Levy of the County where such Offence shall be committed; to be recovered in the County Court with Costs of Suit by Action of Debt, Bill, Plaint, or Information, wherein no Essoyn, Protection, or Wager of Law, shall be allowed; any Law, Usage, or Custom, to the contrary thereof in any wise notwithstanding.

This Act to continue until the first Day of *December*, which shall be in the Year of our Lord, One thousand seven hundred and fifty-three.

LONDON.

Feb. 9. On Tuesday night a gentleman in a coach was robb'd by a single footpad, arm'd with a long sword and a pistol, between Whitechapel prison and Mile End, of about five pounds in money. The rogue was a stout fellow, and dress'd in a brown dufel great coat. He also robb'd several foot passengers that night and the next, but has been since taken, and committed to Chelmsford jail.

Yesterday morning four men were taken out of a house in Allen street near Clerkenwell, for robbing a gentleman the night before in Hanover yard in Tyburn road; there was found upon them when taken, a gold watch a silver-hilted sword, with a gold knot, and money to a considerable value; and last night they were committed to the Gatehouse, Westminster, under a strong guard.

On Tuesday night last Mr. Clark of Cleland street, on his return from a upper Gentleman street was attack'd by two fellows dress'd like chairmen, who robb'd him of his hat and money, and beat him in a very barbarous manner.

On Tuesday night last a man went into an alehouse in Fetter's Row, and call'd for beer, and after some short time said

an opportunity to shoot himself thro' the belly, so that his bowels came out; he was not known by any person thereabouts.

The same day the above Footpad robb'd Mr. Lee at the Angel at Maidstone, of a pair of large silver buckles, and 4 l. in money, about 4 in the afternoon, in Stockbury Valley, near the Three Squirrels.

Last Monday night two fellows were committed to the Gatehouse for robbing a gentleman [illegible] in the street of Parliament street, Westminster.

Feb. 28. Yesterday came advice, that the Happy [illegible] from Liverpool for America, laden with hats, goods, &c. is lost in Boode bay, Liverpool, but part of the cargo will be saved.

Also, that the Molly, Staunton, from Jamaica, is ashore near Liverpool.

On Monday morning last as Miss Scroop, a gentlewoman, who lives in Park street, Grosvenor square, was going to church, a man asked charity of her; she gave him some money, and order'd her footman to take him home and give him some victuals; the footman according did so, but while he was gone into the kitchen, the fellow took an opportunity of stealing a gold repeating watch, of considerable value, and made off and sold it for [illegible]

Last week a farmer, near Henley upon Thames, having left half a dozen sheep out of his field, where they were feeding, set two of his servants the night following with guns to watch them. The servants staid till five o'clock, when finding that nobody came, they returned home, and were greatly surprized to see several candles lighted in the house. They knock'd at the door, but it was bolted upon which they broke it open, and found their master, his wife, and all the other persons in the house with their mouths gagged, and these fellows riffling the house of every thing of value. Upon which one of the servants shot one of the fellows dead, and the other two they secured and carried to Oxford Jail on Wednesday night.

St. John's, Antigua, March 9.

Extract of a letter from Barbadoes, dated, Feb. 27.

"The commodore is getting ready to sail for Martinico, in four days, in company with the Rose, and a new man of war which arrived the other day from London, with instructions and orders, as we hear, from the French king, on the part of Great Britain, to have the islands of St. Lucia, St. Vincent, Dominico, and Tobago, evacuated, which, I fear, will not be done without the utmost difficulty; for the other half of the time, and the other half of the year, we have dismal letters from merchants in London to gentlemen here, intreating that the above accounts, in which they say the quality assures them, the French are to be dispossessed of those islands, and that they are to be content as before the war."

BOSTON, April 9.

Saturday last a person arrived here from Nantucket, who informs, that one of their whaling sloops was come in there, which had met with a sloop in distress, bound from Antigua to Huntington, on Long Island, where she belonged, and had been out the [illegible] days, (seven in number) most sick, and two hogsheads of rum, (which was most of her cargo) and stripped her of her sails and rigging. They left the hull ready to sink. The Nantucket man killed a whale after he had taken the unfortunate people on board their vessel.

By private letters from Halifax, we have advice, that Col. Gorham, with his company of rangers, on his march to Minas, had ambuscaded a party of the Indians, who fired upon him, and wounded him and three of his men, but none of them mortally. Upon this the colonel dispatched a sloop to inform the governor of the affair, who immediately sent him a reinforcement, and the Indians have not been heard of since.
